Notable among the smart mid-summer events will be the wedding of Miss Lillian Griffin, daughter of Mr. and Mrs. R. H. Griffin of 521 North Second street, and Charles Gardiner, which will take place on Wednesday afternoon at four-thirty o'clock, Reverend W. J. Sims of the Central Methodist church officiating. It is to be a simple home wedding, with only the relatives and a few close friends to witness the ceremony, immediately after which the young folk will leave for the Grand Canyon and the coast. The bride will have but one attendant, Mrs. Herbert Burr Atha, Jr., the matron of honor. Miss Ethel McDermott will play the wedding march and Miss Ruth Griffin will sing "All Mine Alone." Since the announcement of their engagement several weeks ago innumerable affairs have been given in honor of Miss Griffin and Mr. Gardiner. Miss Griffin is one of the most attractive girls in the younger set and like her sisters, Mrs. Herbert Stevenson and Miss Ruth Griffin, is exceedingly popular with all who know her.

Miss Marjorie Leavell and Roland Parsons will be married in Phoenix in October and not in the east, as they had at first planned. Miss Leavell and her sister, Miss Mary Leavell, are at present in Columbus, Ohio, where they will remain for another six weeks.

Mr. and Mrs. Charles R. Sterling and their little daughter, Miss Elizabeth Sterling, are in Los Angeles for a week. Later they will go to La Jolla for a month's stay.

Mrs. W. J. Rifley and her small son, "Billy" Rifley, are summering in San Diego.

R. J. Monahan left yesterday for a short stay in Mexico.

Mr. and Mrs. F. Louis Zimmerman have joined the Phoenixians on the coast. Mr. Zimmerman will return to town shortly, while Mrs. Zimmerman will remain in Los Angeles.

Has civics crowded out other departments? Is frequently asked the club woman of today. It is true that since woman's suffrage has been granted the civics department has grown with the desire of the voter to become acquainted with public affairs, but in equal proportion has been the growth in other sections. While a course in civics is considered necessary, it has not lessened the interest in other studies. Mrs. S. J. Michelson is a member of the Woman's club who belongs to three of its departments—civics, education, music and household economics, and it is the last branch that has received her most earnest attention. She has a charming house on North First avenue and is a capable and clever housekeeper. How one may gain knowledge of household art by attending a club, rather than have home deteriorate by being in constant club attendance, is told by Mrs. Michelson this morning in a brief article written especially for The Republican.

Mrs. Henry D. Ross, president of the Arizona Federation of Women's Clubs, returned Monday from a fortnight's absence in Globe. She was well pleased with club conditions there and will make a return visit in October, when she will establish a departmental club. During her stay she lectured before the Civic and Moral association, of which she speaks in the following interview given out in Globe:

"I have met with a most cordial reception from the ladies of Globe, and they seem enthusiastic over the prospects of a Departmental club. The town is certainly ripe for such an institution, and the need is apparent. I shall return in about six weeks and take steps to organize the club, and in the meantime I shall keep in close touch with the ladies of Globe by correspondence, so I may be thoroughly informed as to their desires in the character of work they wish to take up.

"The aim of the State Federation is to be educational. It endorses no individual political party and recognizes no special religious denomination. As the General Federation of Women's Clubs it preaches equal rights for all and special privileges for none, and hence you can see it could take no stand on these two questions."

Speaking of the work of the Civic and Moral Association of Globe, Mrs. Ross said: "I was delighted with the ladies I met who are working in this organization. They are doing a splendid work and there is great need for an association of that character in Globe. You have a picturesque and scenic city. Nature has done a great deal for you, but you need much work done along the line of civic improvement, and the ladies of this association can give your officials many suggestions and much help in bringing about better sanitary and moral conditions.

"At my suggestion the matter of coming into the state federation was laid over by the Civic club until a later date. Many of the association members are out of town, and the majority of the executive board of the state federation are out of the state, so we considered it best to take no action.

"Yes, I feel amply repaid for my visit to Globe, and shall come again."

Just fourteen months ago the National Federation of Musical Clubs instituted the "grand prize of America" by offering to composers of the United States a \$10,000 prize for an American grand opera. The prize opera, if one is obtained, is to have

## Hot Weather Hauling

The days that mean death to laboring horses are at hand. By using Packard trucks you can avert the disruption of your delivery service and increase your profits at the same time.

More than 250 Packard trucks are operated by breweries during the summer rush season; 126 Packard trucks care for the long, trying suburban hauls of department stores; 337 Packard trucks are saving horses and money in the summer work of express and transfer companies.

Under normal conditions a Packard will do the work of from two to four teams. In hot weather its relative efficiency is often higher than that.
